

## **Early Childhood Advisory Committee**

**Mission Statement:** To support and sustain high quality early learning programs in Palos Heights School District 128. Our children are our greatest resource and we believe all children should have fair and equal access to high quality preschool programs. Every dollar spent in the early childhood years yields a minimum of \$7.00 saved down the road in the areas education and social services.

The Early Childhood Advisory Committee will:

- Increase Community Awareness of Early Childhood Issues
- Partner with Community Organizations to support Early Childhood Education
- Raise Funds to support enrollment of children in need
